EDUCATION

Bachelor of Technology in Computer Science – 7.5 CGPA <i>KIET Group of Institutions</i>	2027
Diploma in Electrical Engineering – 70% <i>D.N. Government Polytechnic College</i>	2023
Senior Secondary Education – 84% <i>National Institute of Open Schooling</i>	2022
Secondary Education – 82% <i>Central Board of Secondary Education</i>	2020

EXPERIENCE

AWS Cloud Virtual Internship <i>Virtual Internship</i>	May 2025 – Jul 2025 <i>Online</i>
– Designed a cloud architecture using EC2, S3, Lambda, IAM, and VPC following the least-privilege security model. – Automated infrastructure provisioning using Terraform and AWS CLI, reducing manual setup time by 35%. – Implemented a CI/CD pipeline using Jenkins and Git for automated build and deployment.	
Palo Alto Cyber Security Virtual Internship <i>Virtual Internship</i>	Mar 2025 – May 2025 <i>Online</i>
– Investigated 50+ Security Operations Center (SOC) incidents using log analysis and threat intelligence techniques. – Configured firewall rules and endpoint protection policies, improving compliance efficiency by 90%. – Performed network traffic inspection for malware detection and intrusion scenarios.	

PROJECTS

Dental X-ray Disease Detection System YOLOv11, SAM, Flask, React, NoSQL	2025
– Trained YOLOv11 on panoramic dental X-ray images, achieving 92% mAP accuracy. – Integrated the Segment Anything Model (SAM) for precise cavity and lesion segmentation. – Built a Flask REST API with a React dashboard for diagnosis visualization and PDF report generation. – Implemented role-based authentication and hospital patient record management utilizing a NoSQL architecture.	
Facial Authentication with Liveness Detection Python, React	2025
– Developed an AI-powered face authentication system with blink and depth verification. – Achieved 95% anti-spoof accuracy using CNN-based feature extraction. – Packaged the application as a Chrome extension for passwordless authentication.	

TECHNICAL SKILLS

Languages: Java, Python, JavaScript
Web: React, Node.js, Express, MongoDB, REST APIs
ML/AI: YOLOv11, OpenCV, PyTorch, Segment Anything Model (SAM)
DevOps: Docker, Kubernetes, Jenkins, Git/Github, AWS, Terraform, CI/CD
Operating Systems: Linux, Windows
Concepts: OOPS, DBMS, Computer Networks, Operating Systems, Cloud Security

CERTIFICATIONS

• AWS Certified CloudOps Engineer – Associate Amazon Web Services	<i>May 2026</i> (Score: 974/1000)
• AWS Certified AI Practitioner Amazon Web Services	<i>May 2026</i> (Score: 942/1000)
• AWS Certified Cloud Practitioner Amazon Web Services	<i>Mar 2026</i> (Score: 914/1000)
• AWS Certified Machine Learning Engineer – Associate Amazon Web Services	<i>May 2026</i> (Score: 853/1000)
• Cybersecurity Foundation Palo Alto Networks Academy	<i>2025</i>
